"If you support the #MeToo movement, you're outraged by stories of sexual harassment and assault, **inspired by the women** who have shared them, you've got to do more than retweet a hashtag.

You've got to vote. Part of the reason **women are more vulnerable in the workplace** is **because not enough women are bosses** in the workplace. Which is why we need to **strengthen and enforce laws that protect women in the workplace**, not just from harassment, but from discrimination in hiring and promotion and not getting paid the same amount for doing the same work. **That requires laws, laws get passed by legislators."**

USA must ratify UNCRC & ERA!

@UncrcU · Sep 9

Replying to @TIMESUPNOW @BarackObama

We need #ERANow to guarantee women's rights in the US Constitution. Anything less is insufficient. #RatifyERA
